Definitions (per State of NH RSA)

Public Body
Public bodies include all municipal legislative and governing bodies and any “board, commission, committee, agency or authority” of any municipality. Expressly included are all subcommittees, subordinate bodies, or advisory committees of such bodies. (RSA 91-A:1-a, VI). Thus, any subcommittee of a municipal body (such as a two or three-person subcommittee of a planning board) is a public body and must comply in all respects with the Right to Know Law.

Non-Public bodies include staff meetings, department meetings, and meetings among individual officials who are not an official board, committee, commission, etc. For example, if the highway department has a staff meeting, that is not considered a meeting for purposes of RSA 91-A because those groups of employees are not an official public body.

Meeting
It is the convening of a quorum of a public body, (a majority of any board or committee constitutes a quorum, unless an applicable law or rule states otherwise), “whether in person, by means of telephone or electronic communication, or in any other manner such that all participating members are able to communicate contemporaneously,” for the purpose of discussing or acting upon any public business. (RSA 91A:2,1) Casual or social interaction of members of a public body, where no business is discussed are not considered a meeting.

Meeting Notice Requirement
All meetings must have at least 24-hour notice (not counting Sundays & Holidays) prior to the meeting. Notice must be either published in a newspaper or posted in two public places (RSA 91-A:2, II). If the municipality or the public body has an Internet Website, it may (but is not required to) use the website as one of the two public places for posting notices.
