

**Orford Parks and Playgrounds Committee**  
**Minutes of the Meeting**  
**June 16<sup>th</sup>, 2021**  
**6:00**  
**Indian Pond Beach**

**Present:** Lawrence Hibbard, Robb Day

**Also Present:** Harry Osmer, Andy Schwaegler, and Faith Knapp.

Lawrence, Harry and Robb were starting to install the dock when Faith informed the group that there has been a large quantity of goose feces on the beach area. She felt that this is unsanitary and patrons of the beach area should be notified by putting up a sign that informs parents of possible contamination. Robb agreed to bring this up at our next scheduled meeting and that he would let the Parks and Playgrounds Chair know about her concerns.

Andy arrived with a tractor to help move the dock pieces into place. The swim floats were then placed in the water and Robb agreed to float them out to their final location later in the week.

The meeting was adjourned after the installation of the dock and floats.  
Meeting adjourned at 8:30.
